book 9 in the 299 days series

in this final book of the 299 days series the 43 colonels celebrates the many ordinary men and women who did extraordinary things during and after the collapse set in the chambers of the new washington legislature during a joint session of the house and senate governor ben trenton honors colonel grant matson and 42 other individuals who helped start the restoration from a personal trainer who became a spy disguised as a water boy to a homeschooling mom who protected children s minds from loyalist propaganda to a young computer hacker who used his skills to get classified information to oath keepers and a special forces operative who conducted some amazing missions the stories of these modern day patriots both heart wrenching and inspirational demonstrate how anyone can help in a revolution

299 days the stronghold the fourth book in the 299 days series grant matson begins teaming up with others who will help the community of pierce point become a patriot stronghold ready to stand against government loyalists the undecideds and the oblivious using the united states constitution as a guide they develop a sense of order and begin planning for a future that shows no sign of improving outside of pierce point the country continues its downward spiral the feds are rationing food and gas and playing favorites while some states are choosing to opt out of the federal government scrappy street gangs have made way for sophisticated white collar gangs who along with government officials participate in bartering and bribery of every kind vigilantes are loose everywhere and those working for what is left of the government don t know

if they re with the good guys or bad guys the pierce point patriots prepare to defend their land their families and their beliefs even if that means going up against those in their community who are loyal to the government and all things that lead to the collapse of america

picking up where the preparation ended the collapse begins to unfold in this second book of the 299 days series in the collapse the government stops working guns and ammo are in high demand and a trip to the gas station has become a mission rather than an errand grant and the team see these warning signs and know it is only the beginning so they begin taking action to protect themselves and their loved ones as they prepare to get out of dodge after a deadly incident in grant s neighborhood they will soon learn whether the preparations they made in book one will be enough to survive the breakdown of society or if they don t stand a chance against greed and violence in the face of a collapse the resulting chaos and fear that begins to envelop the country will strip all of the characters of what they know to normal and will require them to question what they will stand for what they will stand up against and most importantly who they will stand with

the change of seasons is the seventh book in the 299 days series where summer has ended and reality has set in at pierce point for many people this means scrambling to survive the long winter with even less food some were smart enough to spend the summer preparing for the changing season and the expanding effects of the collapse others were not so smart and their desperation and fear grows stronger by the day grant matson reflects with pride on how he has provided for his family while guiding pierce point into a community that functions well on its own celebrating this accomplishment grant and others join to offer the community a thanksgiving dinner which is met with gratitude and exhilaration this mood is short lived however as circumstance quickly begin to unravel beginning with the disappearance of a beloved community member followed shortly by a self defensive killing by another the situation is just as bleak or worse in other parts of washington state and the country as innocent people are imprisoned and murdered women and children become commodities and what is left of the government looks even less like the once beloved united states of america as the threat of a civil war becomes imminent grant the team and the 17th irregulars at marion farm bond over their duty to protect the country and are soon a fully formed combat ready unity excited to go into combat but uncertain of what will happen to them grant dreads what he knows is coming but he understands that he has been called to sacrifice potentially his life and probably his marriage to stop the loyalists from hurting more people

299 days the community the third book in the 299 days series reunites grant matson with his family after his wife children and in laws accept that the only way to survive the collapse is to flee the comfort of their suburban lives and join him at his isolated cabin in the woods with riots becoming more violent power outages more widespread and the military crumbling grant and others throughout washington state realize they must organize if they want to endure from the secure confines of the relocated state capitol building to a rural self sustaining farm to the developing community of pierce point 299 days the community explores the mental emotional and physical changes everyone must make to adapt to a collapsed society the years of preparing and training position grant to lead pierce point as he begins to navigate complex interpersonal dynamics and unpredictable situations to help build a new community that can withstand the threats closing in on them will people join forces or stand alone can communities successfully organize themselves in times of chaos will what is left of government help those who cannot help themselves and if so at what cost

for many people at pierce point and the rest of washington state the upcoming new year is a time for hope and belief that life is going to improve and the collapse will end

for grant matson and the 17th irregulars the new year means only one thing war the time has come and they have received their orders from hq grant must come clean with lisa and tell her the truth about his work as he plans to abandon his family once again while the loyalists drunkenly and selfishly celebrate new year s eve the patriots mount a surprise attack on frederickson making way for the 17th irregulars to move toward olympia as the battle moves on the men quickly realize the importance of everything they have been training for when they find themselves ambushed doing everything he can to suppress his own fear and lead the 17th irregulars grant motivates them to persevere as they fight for liberty and restoring the country to the greatness it once was

the worldwide resurgence of authoritarianism has sparked renewed interest in the frankfurt school theory of the authoritarian personality not as a topic of academic debate but as an urgent political factor critical theory and the authoritarian personality brings theodor adorno s critique up to date in light of new forms of authoritarian politics recent kinds of authoritarian propaganda and current findings about authoritarian personalities drawing on the work of slavoj zizek and the psychoanalysis of jacques lacan this is the first sustained application of psychoanalytic theory to the problem of the authoritarian personality since the classical work of the frankfurt school it explores a pressing problem the resurgence of the radical right and proposes new solutions grounded in the idea of an affective approach to authoritarian politics as something based on transgressive fantasies and political anxieties throughout the book illustrates its theoretical claims with reference to new kinds of authoritarian literature which today forms an important part of right wing propaganda

glen tate has led an amazing life and one that took a surprising turn he grew up poor in the rural logging town of forks washington he worked hard to become a successful professional with a job in the political arena thinking he d finally made it and everything was great he was stunned to see how corrupt government is from his observations at his job he realized that america is collapsing and bad things are coming very soon he began to prepare for him and his family to make it through the civil unrest of the coming collapse that meant he had to return to his rural roots quite a shock to his family and friends even more amazing was that he wrote down what he foresees happening during the collapse and it became a ten book novel series published by prepper press

envisioning a better future

in some ways post collapse life at pierce point resembles the every day normalcy that grant and others still hoped would return the community is organized and humming along smoothly the young guys on the team are partnering off with local team chicks and grant's daughter has found a boyfriend for most the new reality has been accepted and a calm self sustaining groove is setting in for others though life is far from normal special forces ted returns with an offer that cannot be refused in the blink of an eye grant matson has another title he can add to father of the year and prepper in chief lieutenant grant matson commander of the 17th irregulars grant and the team are whisked away to marion farm where they will train civilians and be trained to become a special squad in a special forces guerrilla group the slower simple life at pierce point is about to disappear to make way for a community that is well trained and battle ready posed to fight the loyalist opposition this cannot happen fast enough though gangs are growing steadily and the government is becoming a bigger threat to freedom and the nation violence is turning into an everyday occurrence outside of pierce point and it is only a matter of time before the peaceful community will need to protect itself from external dangers grant feels the weight on his shoulders as he now needs to protect not just his family but the entire community and possibly all of washington state

grant matson reunites with his family after his wife children and in laws accept that the only way to survive the collapse is to flee the comfort of their suburban lives and join him at his isolated cabin in the woods with riots becoming more violent power outages more widespread and the military crumbling grant and others throughout washington state realize they must organize if they want to endure

when the patriots finally launch their strike against the loyalists grant matson's leadership bravery and training are put to the ultimate test the 17th irregulars are teamed up with regular military units and they must put their differences aside in order to successfully overthrow the limas while the battle rages on the loyalists outside of olympia start to pay the price for their allegiances to the wrong side of the collapse while well intentioned others welcome the beginning of new washington that recognizes fairness and hard work the battle winds down and a new day begins as the team recognizes that victory does not come without loss grant now a celebrated war hero is not without his own personal hardships and fears facing a new life without his family

julie atwood is struggling with the day to day challenges of being a single mom she works for a non profit by day and clips coupons by night the time in between is spent doing homework with her son she wants a stable and secure life for him but she needs a new start for herself that won't come easy though julie is recently divorced financially stressed and still reeling from a violent attack in her past she is determined to make it on her own however she learns self defense skills and enrolls in a women's only firearms class that's where she meets a like minded woman who helps take her skills to the next level julie's personal evolution continues as she uses her couponing know how to stockpile essential food and survival supplies she will become self reliant and never be a victim again the urgency of her efforts takes on new importance as society begins unraveling around her america is divided conservatives and liberals are at war then the newly elected president cuts funding to so called sanctuary states including her home state of oregon julie loses her job everyone who lives off the government gets desperate riots crime fire julie needs to flee to the safety of her family cabin in colorado's rocky mountains can she get there though there is an exodus of people and the conservative states now called great states have established border
